## 2. What were our weaknesses?

Response Text		
3	Ultrasound is still young but is growing rapidly.	Mar 22, 2011 12:26 PM
4	I think you have a very strong program! In the end, my family wanted to be in a different geographical region and I ranked 4 year, more academic programs highly.	Mar 22, 2011 12:33 PM
5	Lack of true county experience and international opportunities. I also wanted to leave MN.	Mar 22, 2011 1:15 PM
6	None.	Mar 22, 2011 2:44 PM
7	Honestly, there were no major weaknesses that stand out. A large determining factor for me was location. If my decision was based solely on program, Regions would have been in my top three for sure.	Mar 23, 2011 10:16 AM
8	I ended up feeling like a four year program better suited me. Otherwise I didn't see any weaknesses.	Mar 23, 2011 4:54 PM

## 3. What did you like about the interview process?

2	Ahah! I interviewed by Skype, because my flights to Minnesota got cancelled... TWICE. Yet, you were still willing to interview me! It was fantastic. You guys are so kind.	Mar 22, 2011 12:24 PM
3	Talking with the faculty. The individualized tours of the hospital.	Mar 22, 2011 12:26 PM
4	I enjoyed all of my interviews with faculty and staff. Having a personal tour and time with a resident was very helpful.	Mar 22, 2011 12:33 PM
5	Laid back, informal. I had a great conversation with Dr. Ankel.	Mar 22, 2011 1:15 PM
6	good amount of interviews, good conversation	Mar 22, 2011 1:41 PM
7	No questions that "put you on the spot." Very approachable and friendly tone.	Mar 22, 2011 2:44 PM
8	Great interviews, friendly, conversational. Plenty of time to talk to residents. Substantial amount of information.	Mar 23, 2011 10:16 AM
9	I liked the tour and the time spent talking with current residents. I thought that was very helpful.	Mar 23, 2011 4:54 PM

#### 4. What did you dislike?

Response Text		
2	nothing	Mar 22, 2011 12:24 PM
3	The intro video, rather would of had somebody personally introduce us.	Mar 22, 2011 12:26 PM
4	Nothing! I'm happy that I came to interview. I guess the only thing that felt out of place was the person who came to talk at the end of the day - not sure what her purpose was. I think she was a representative from the hospital, but didn't relay anything of importance.	Mar 22, 2011 12:33 PM
5	Nothing.	Mar 22, 2011 1:15 PM
6	nothing	Mar 22, 2011 1:41 PM

1	More teaching of the underclassmen during the residency	Mar 22, 2011 12:22 PM
2	More days of sunshine :)	Mar 22, 2011 12:24 PM
3	Nothing, it was my next choice on my list.	Mar 22, 2011 12:26 PM
4	Was more about location than anything else.	Mar 22, 2011 1:15 PM
5	I felt I fit better with a county-style program because it fit more with what I wanted as far as being able to instruct younger residents and the additional responsibilities during my third year	Mar 22, 2011 1:41 PM
6	Nothing. Would have ranked you #1 but had to move out of MN for family reasons.	Mar 22, 2011 2:44 PM
7	If I had to think of something, maybe a stronger international program. Though again, this was only a small part of my decision making process.	Mar 23, 2011 10:16 AM
8	I would have been more likely to chose Regions if it was a four year program. I also was looking for a stronger pre-hospital/EMS program.	Mar 23, 2011 4:54 PM

1	I really like your program and ranked it the second highest out of all of the midwest programs I ranked. I just would rather be in California than the Midwest (these Winters kill my soul), and I thought MCW (my highest ranked midwest program) has a bigger role in its community that you guys do.	Mar 22, 2011 12:22 PM
2	I loved the program. Did a visiting rotation here and loved it. Great staff/faculty. Would recommend doing away here for medical students.	Mar 22, 2011 12:26 PM
3	I really enjoyed my experience at Regions and felt that the faculty and residents helped me to solidify my decision to enter emergency medicine.	Mar 22, 2011 1:15 PM
